

Light Pole for 10 x 20 TrimLine

Installation Instructions

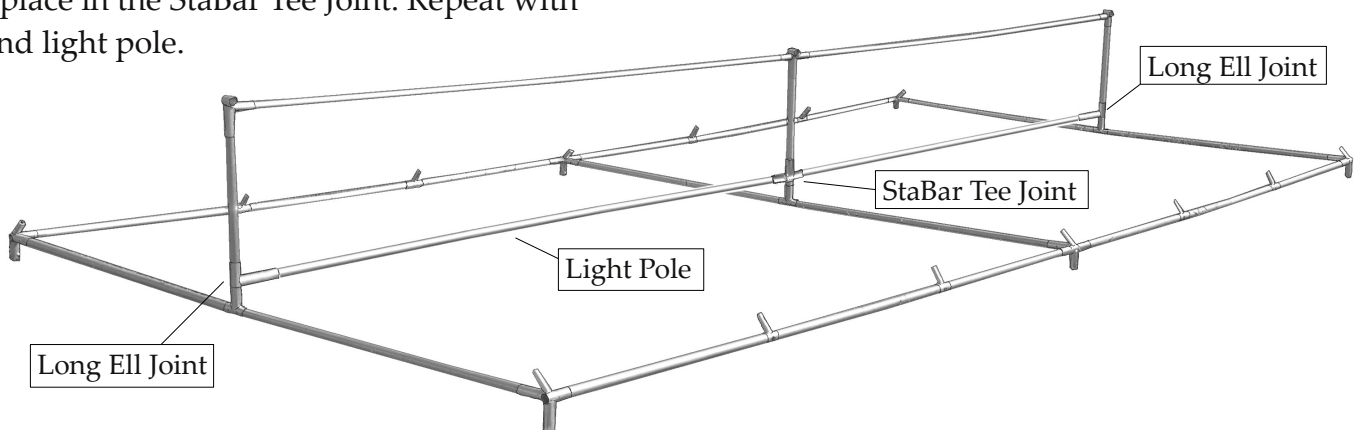

Parts

- (1) StaBar Tee Joint
- (2) Long Ell Joint
- (2) Male pole section – 61" long
- (2) Female pole section – 54 ¼" long, coded red
- (7) Thumbscrews

Assembly

1. **While assembling roof frame**, slide Joints onto Riser poles with the Long Ells at the ends and the StaBar Tee on the center riser pole.
2. Connect male and female pole sections to form two 112 ½" light poles.
3. Insert red coded end of light pole into Long Ell, sliding it as far in as possible.
4. Now move to the other end of the light pole and slide it back until you are able to click it into place in the StaBar Tee Joint. Repeat with second light pole.

5. Light bar may be set at any height along the riser poles, using thumbscrews to secure in place. Finger-tighten thumbscrews.

6. Proceed with assembly of canopy as usual.
